

NGI to Implement Changes To Spot Market Price Tables Effective October 1, 2011

September 1, 2011

Dear Subscribers

Due to systemic changes in production volumes and gas flows within Tennessee Zones 4, 5, and 6, NGI will begin breaking each of those regions into separate Line 200 and Line 300 indexes beginning with the first October editions of *NGI's Bidweek Survey*, *NGI's Daily Gas Price Index*, and *NGI's Weekly Gas Price Index* newsletters. The breakouts will replace the current Tennessee Zone 4, Tennessee Zone 5, and Tennessee Zone 6 listings as they appear today. These changes are summarized in the following table:

Existing NGI Index	Replacement NGI Indexes
Tennessee Zone 4	Tennessee Zn 4 Line 200 Tennessee Zn 4 Line 300
Tennessee Zone 5	Tennessee Zn 5 Line 200 Tennessee Zn 5 Line 300
Tennessee Zone 6	Tennessee Zn 6 Line 200 Tennessee Zn 6 Line 300

If you have comments or questions about these changes, please contact either Dexter Steis at (703) 318-8848 or Patrick Rau at (347) 385-8412 pat@intelligencepress.com

Thank you for your continued readership.

Sincerely,

Dexter Steis
